Talk with the Pastor August 2, 2008

A CHURCH GARDEN

Spring and Summer are my favorite seasons of the year. The whole earth comes to life and all nature seems to rejoice. This is also the time when I can plant a garden. And I love it because I like to tend and watch things grow. Of course watching a garden grow is not as much fun as gathering the produce and preparing it for the dinner table. Maintaining a garden is like having a refrigerator. You can always go to it any time you want fresh vegetables minus the chemicals and other preservatives farmers use to guarantee their freshness.

In my backyard garden, I have a little bit of all my favorite vegetables. There's eggplant, tomato, banana and bell pepper, bitter melon (ampalaya), spinach, camote, alugbati, string beans, chayote and a few other herbs. I love watching them grow as they respond to my efforts of aerating the soil, watering and providing plant food for them.

But there's another garden that I have and there are some specialty vegetables I like to grow in it. They are Squash, Turnips and Lettuce. This garden is called A Church Garden and I really like to have the following grow on it:

Three Rows of Squash

1 - Squash indifference.

2 - Squash criticism.

3 - Squash gossip.

Four Rows of Turnips

1 - Turn up for meetings.

2 - Turn up with a smile.

3 - Turn up with a visitor.

4 - Turn up with a Bible.

Five Rows of Lettuce

1 - Let us love one another.

2 - Let us welcome strangers.

3 - Let us be faithful in duty.

4 - Let us truly worship God.

5 - Let us give liberally.

Won't you help me plant this kind of garden?

~~ Simeon Rosete, Jr.
